Founder & CEO

"I decided to start Mad Party Games, because most of the games these days are repetitive and dull. Creating something 'Mad' for all the board game enthusiasts is my ultimate mission. There should be games which understand and meet the desires of the new generation. I believe board games should be daring and more inclusive."

**Luuk Bos**  
Illustrator

"Making these games has been a tremendous amount of fun and I know playing them will be even more fun. I'm incredibly proud of what we've made so far and I'm excited to keep creating along with the rest of the 'Mad' team. We all go a little mad sometimes and I hope our games can make you even madder."

**Matthijs de Reus**

MadBus is a fast-paced drinking game with three phases that guarantees a lot of sips and shots. In the first phase, the players have to collect 4 cards through a guessing game.

The second phase consists of a pyramid in which the players can 'screw' each other and choose the people who must drink, as well as who will get to ride the bus.

Finally, in the third phase, whoever rides the bus has to keep guessing cards and any wrong guess means more drinking. This game will make everyone drink in an engaging fast-paced card game, avoiding any possible awkward moments.
